Apache Airflow: Additional Resources

This reference document is designed to complement and enhance the material we have covered in **Apache Airflow**.

References:

1. A brief overview of Apache Airflow.

   What is Apache Airflow?

2. A video tutorial on what Airflow is and why we need it together with a use case example.

   Airflow Demo

3. Learn how to write a DAG step by step.

   Writing your first pipeline in Airflow
